

**Expedition 2010—August 2nd - August 6th
Day Camp Information For Ages 6-12.**

MISSION OF EXPEDITION:

An expedition is a journey with a purpose. Our hope is that your child in his or her expedition with us will discover their God given potential in a fun-filled environment. This will be accomplished through a variety of activities such as fishing, basketball, baseball, volleyball and other team activities

There will also be several craft activities available for those who want to expand their creative skills. Where Camp Expedition excels is in the opportunity for your child to expand their social and cultural skills. There will be opportunity in drama/mime skills, baking etc.

Every year we try to improve upon the year before. So this year we are making our giant water slide even bigger and better This slide is going to be over fifty feet long and is going to be a crowd pleaser for sure.
